

Autumn 1 Curriculum Overview

Year 3 + 4

English

- We follow The Write Stuff to support English teaching at the Regis Academy.
- The Write Stuff is based on two guiding principles; teaching sequences that slide between experience days and sentence stacking lessons. With modelling at the heart of them, the sentence stacking lessons are broken into bite-sized chunks and taught under the structural framework of The Writing Rainbow. Teachers prepare children for writing by modelling the ideas, grammar or techniques of writing.

Physical Education

- PE will vary between sports, games and skills

Science

- This half term, pupils will be looking at Living Things and Their Environments. We will be looking at how animal habitats and how these animals are adapted to their habitats

Topic

This half term we will be focusing on the Romans! We will look at their way of life, how they dressed, what they did and how they influenced our culture today. We will also compare our lives with what theirs would have been like.

Mathematics

- We follow the White Rose Maths scheme at Regis Academy.
- In this half term we will be focusing on place value and addition and subtraction
- Children also complete Flashback 4 at the start of each Maths lesson to revise and recap basic skills.

RE

- What is the 'Trinity' and why is it important for Christians?

Computing

- In computing, we will be using LEGO to learn about programming. Pupils will get to follow instructions to create moveable machines and tools with LEGO.
