

Summer 2 Curriculum Overview

Year 3 + 4

English

- We follow The Write Stuff to support English teaching at the Regis Academy.
- The Write Stuff is based on two guiding principles; teaching sequences that slide between experience days and sentence stacking lessons. With modelling at the heart of them, the sentence stacking lessons are broken into bite-sized chunks and taught under the structural framework of The Writing Rainbow. Teachers prepare children for writing by modelling the ideas, grammar or techniques of writing.

Physical Education

- PE will vary between sports, games and skills

Topic

- In Topic, we will be looking at the seaside and the coast in Britain.
- We will concentrate on key vocabulary, including erosion and tides.
- We will use a map and a compass to learn how to identify where we would find our coasts.

Mathematics

- We follow the White Rose Maths scheme at Regis Academy.
- This half term, we will be looking at statistics, properties of shapes and position and direction.
- At the start of each maths lesson we will do Flashback 4 to improve and remind students in the basic maths skills.

RE

- What are the deeper meanings of the festivals?

Science

- This half term, we will be looking at light and sound.
- We will recognise where light and sound comes from
- We will look at how shadows are formed.

Computing

- In Computing this half term, we will look at programming using Turtle Academy.
- Pupils will learn how to input commands to achieve different things on a computer as an introduction into the world of programming.
