

Half Term Curriculum Overview

Year 5/6 Autumn 2

English

- We follow The Write Stuff to support English teaching at the Regis Academy.
- The Write Stuff is based on two guiding principles; teaching sequences that slide between experience days and sentence stacking lessons. With modelling at the heart of them, the sentence stacking lessons are broken into bite-sized chunks and taught under the structural framework of The Writing Rainbow. Teachers prepare children for writing by modelling the ideas, grammar or techniques of writing.

Physical Education

- PE will vary between sports, games and skills
-

Art

- Children will study a local artist and recreate work in the style of that artist. Children will use images from the local area to inspire their work.

History

- Know and use the 4 figure grid references and use the 8 points of a compass.
- Know how land use has changed over time.
- Know the difference between man-made and natural features/occurrences of the earth e.g coal and minerals.
- Know that coal was distributed through the canals. Be able to use a sketch map.

Science

- Children will learn about light, how light travels and how our eyes are adapted to see light.

Mathematics

- Children will continue to explore the 4 main operations.
- They will then focus on fractions, looking at equivalent and simplifying fractions before moving on to calculating with fractions.
- Children will also develop their understanding of position and direction.

RE

- Children will look at places of worship across a number of religions. They will explore similarities and differences.
- We will visit a local place of worship and reflect upon this experience.

Computing

- In computing, we will be using LEGO to learn about programming. Pupils will get to follow instructions to create moveable machines and tools with LEGO. Amazing Amusement Park Theme
