

Half Term Curriculum Overview

Year 5/6 Spring 2

English

- We follow The Write Stuff to support English teaching at the Regis Academy.
- The Write Stuff is based on two guiding principles; teaching sequences that slide between experience days and sentence stacking lessons. With modelling at the heart of them, the sentence stacking lessons are broken into bite-sized chunks and taught under the structural framework of The Writing Rainbow. Teachers prepare children for writing by modelling the ideas, grammar or techniques of writing.

Topic

- How the Vikings changed life in England.
- Understand who King Alfred the Great was.
- Understand how the Viking age came to an end and the significance of William the Conqueror.
- Children will create Viking settlements as part of their DT project.

Mathematics

- We follow the White Rose Maths scheme at Regis Academy.
- This half term, we will be focusing on measure, ratio, perimeter, area and volume.
- Children also complete Fluent in Five questions at the start of each Maths lesson to revise and recap basic skills.

Physical Education

- PE will vary between sports, games and skills
-

RE

- Children will study how religions can help when times get hard.
- They will describe at least three examples of ways in which religions guide people in how to respond to good and hard times in life.

Spanish

- Children will learn how to introduce themselves and say their age.
- They will also learn the months of the year and their birthday in Spanish.

Science

- Children will also spend time learning about solids, liquids and gases.
- They will also learn about different changes in state, including reversible and irreversible changes.

Computing

- In computing, we will be using LEGO to learn about programming. Pupils will get to follow instructions to create moveable machines and tools with LEGO.
- Happy Traveller Theme
