

# The Regis Academy

Version 1.0

# **Document Retention Policy**

Date	August 2022
Date of Review	August 2024
Approved By	A Pincher

## **General Statement**

The Regis Academy recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the company. Records provide evidence for protecting the legal rights and interests of the company and provide evidence for demonstrating performance and accountability. This document provides the policy framework through which this effective management is achieved and audited.

# Aims of the policy

This policy applies to all records created, received or maintained by staff of the school in the course of carrying out its functions. Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created or received, and then stored, in hard copy or electronically. A small percentage of the company's records may be selected for permanent preservation as part of the institution's archives and for historical research. This should be done in liaison with the local county archives centre.

### Responsibilities

- The Regis Academy has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The person with overall responsibility for this policy is the Director of the company.
- The person responsible for records management in the company will give guidance about good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and in a timely way. They will also monitor compliance with this policy by surveying at least annually to check if records are stored securely and can be accessed appropriately.
- Individual staff and employees must ensure that records for which they are responsible are accurate and are maintained and disposed of in accordance with the school's records management guidelines.

### Documents that need to be retained

Child Protection
Management
