## **Introduction**

The Regis Academy are committed to ensuring that as well as developing academically, our pupils develop in a way that will enable them to play a confident, informed role in society, have a fully developed value system and be able to interact with other people in a positive way.

At The Regis Academy, the pupils and their learning are at the very heart of every decision made. We aim to develop learners who are passionate, take ownership of their learning and are proud of their achievements.

The ethos of our school is such that all people who come into our school, whether staff, pupil, parent or visitor, are valued as individuals in their own right. They should set, and be entitled to expect from others, good standards of behaviour, marked by respect and responsibility.

The school will help the pupils to develop an inner discipline and will encourage pupils to not just 'follow the crowd' - they will make up their own minds and be ready to accept responsibility for what they do. They will grow through making choices and holding to the choices that they have made. They will want to be honest with themselves and with others. They will become *ready, respectful, safe* members of society.

### **Planning**

In planning lessons, teachers are aware of the need to plan opportunities to develop a wide variety of spiritual, moral, social and cultural needs. A vast majority will be delivered through cross curricular activities as well as specific SMSC, RE and PSHE. Links are made in all topic lessons to ensure that SMSC is evident and can be assessed.

Class books will be kept to evidence PSHE where clear SMSC links will be able to be seen.

### **Spiritual Development**

Planned opportunities for spiritual development in all subjects can be seen across the school. Pupils are given opportunities to reflect upon the meaning of spiritual experiences.

Examples of experiences commonly regarded as spiritual include:

- ✓ Curiosity and mystery
- ✓ Awe and wonder
- ✓ Connection and belonging
- ✓ Heightened self-awareness
- ✓ Prayer and worship
- ✓ Deep feelings of what is felt to be ultimately important
- ✓ A sense of security, well-being, worth and purposefulness

The Regis Academy will develop a climate within which all pupils can grow and flourish, respect others and be respected; accommodating difference and respecting the integrity of individuals.

These can occur during any part of the school day, e.g. When listening to music, discussing the care needed for animals, exercising empathy or creativity, how we live, contemplating the future, etc.

### **Moral Development**

At The Regis Academy we believe that a morally aware pupil will develop a wide range of skills. These can include the following:

- ✓ Distinguish right from wrong, based on knowledge of the moral codes of their own and other cultures
- ✓ Develop an ability to think through the consequences of their own and others' actions
- ✓ Have an ability to make responsible and reasoned judgements
- ✓ Ensure a commitment to personal values
- ✓ Have respect for others' needs, interests and feelings, as well as their own
- ✓ Develop a desire to explore their own and others' views, and an understanding of the need to review and reassess their values, codes and principles in the light of experience.

### ***Our school supports pupil moral development by:***

- ✓ Providing a clear moral code as a basis for behaviour which is promoted consistently through all aspects of the school
- ✓ Promoting racial, religious and other forms of equality
- ✓ Giving pupils opportunities across the curriculum to explore and develop moral concepts and values – for example, personal rights and responsibilities, truth, justice, equality of opportunity, right and wrong
- ✓ Developing an open and safe learning environment in which pupils can express their views and practice moral decision making
- ✓ Rewarding expressions of moral insights and good behaviour
- ✓ Recognising and respecting the codes and morals of the different cultures represented in the school and wider community
- ✓ Encouraging pupils to take responsibility for their actions, for example, respect for property, care of the environment, and developing codes of behaviour, providing models of moral virtue through literature, humanities, sciences, arts and assemblies; reinforcing the school's values through images, posters, classroom displays, etc. and monitoring in simple ways, the success of what is provided

At the point of admission and induction, the Head of Center will always discuss a code of conduct for the school. Teachers will continue this message throughout the pupil's journey at Regis Academy with a classroom code of conduct based on the values held by the school.

Through our curriculum, we teach the pupils to be aware of their own actions, take responsibility for their own bodies and encourage independence. We will help the pupils to identify their feelings and think these through so that they are expressed in behaviour that is socially acceptable.

This is done through assemblies, team time, circle time, social skills groups and sessions for nurture.

We are interested in the development of the whole child and will endeavour to raise their self-esteem through our positive reinforcement model including; praise, stickers, Star of the Week and other means that highlight both academic and social achievements (please refer to our Behaviour Policy).

**Pupil Voice**

The term 'Pupil Voice' describes how pupils give their input to what happens within the school and classroom. Our desire is for pupils to know that their expertise, opinions and ideas are valued in all aspects of school life.

Pupil Voice permeates all levels of our work together, from pupils participating in small group classroom conversations to pupils establishing procedures, events and contributing to the overarching ethos of the school.
