

# Autumn 1 Curriculum Overview (Year 2 Cycle)

Year 3 + 4

## English

- We follow The Write Stuff to support English teaching at the Regis Academy.
- The Write Stuff is based on two guiding principles; teaching sequences that slide between experience days and sentence stacking lessons. With modelling at the heart of them, the sentence stacking lessons are broken into bite-sized chunks and taught under the structural framework of The Writing Rainbow. Teachers prepare children for writing by modelling the ideas, grammar or techniques of writing.

## Physical Education

- PE will vary between sports, games and skills

## Science

- This half term, pupils will be looking at States of Matter. We will look at the different states and the particles they are made up of. We will also look at how they change and whether they are reversible or not

## Topic

This half term we will be focusing on the Anglo-Saxons! We will look at their way of life, how they dressed, what they did and how they influenced our culture today. We will also compare our lives with what theirs would have been like.

## Mathematics

- We follow the White Rose Maths scheme at Regis Academy.
- In this half term we will be focusing on place value and addition and subtraction
- Children also complete Flashback 4 at the start of each Maths lesson to revise and recap basic skills.

## RE

- Why is the Pentecost important for Christians?

## Computing

- In computing, we will be using LEGO to learn about programming. Pupils will get to follow instructions to create moveable machines and tools with LEGO.
- We will also use Scratch to create animations
- We will also look at how to be safe online
