

Autumn 2 Curriculum Overview (Year 2 Cycle)

Year 3 + 4

English

- We follow The Write Stuff to support English teaching at the Regis Academy.
- The Write Stuff is based on two guiding principles; teaching sequences that slide between experience days and sentence stacking lessons. With modelling at the heart of them, the sentence stacking lessons are broken into bite-sized chunks and taught under the structural framework of The Writing Rainbow. Teachers prepare children for writing by modelling the ideas, grammar or techniques of writing.

Physical Education

- PE will vary between sports, games and skills

Science

- In sound, we will be looking at how sound is made, how it travels and how we can hear it. We will also look at how we can change sound in different ways.

Topic

This half term we will be focusing on the Anglo-Saxons! We will look at their way of life, how they dressed, what they did and how they influenced our culture today. We will also compare our lives with what theirs would have been like.

Mathematics

- We follow the White Rose Maths scheme at Regis Academy.
- In this half term we will be focusing on Length and Perimeter and Multiplication and Division
- Children also complete Flashback 4 at the start of each Maths lesson to revise and recap basic skills.

RE

- What kind of world did Jesus want? (Christians)

Computing

- In computing, we will be using LEGO to learn about programming. Pupils will get to follow instructions to create moveable machines and tools with LEGO.
- We will also use Scratch to create games
- We will also look at how to be safe online
