

Spring 1 Curriculum Overview (Year 2 Cycle)

Year 3 + 4

English

- We follow The Write Stuff to support English teaching at the Regis Academy.
- The Write Stuff is based on two guiding principles; teaching sequences that slide between experience days and sentence stacking lessons. With modelling at the heart of them, the sentence stacking lessons are broken into bite-sized chunks and taught under the structural framework of The Writing Rainbow. Teachers prepare children for writing by modelling the ideas, grammar or techniques of writing.

Physical Education

- PE will vary between sports, games and skills

Topic

This half term we will be focusing on Our Fragile Earth! We will look at the dangers our world faces, different biomes and how they are effected by things. We will look at what we can do to help it.

Mathematics

- We follow the White Rose Maths scheme at Regis Academy.
- In this half term we will be focusing on Multiplication and Division, Measurements and Fractions
- Children also complete Flashback 4 at the start of each Maths lesson to revise and recap basic skills.

RE

- Values: What matters most?
Christians and Humanists
(Humanists, Christians)

Science

- In light, we will be looking at how light is made and how it travels. We will look at how we can change light using mirrors. We will also look at how to stay safe in the sun.

Computing

- In computing, we will be using LEGO to learn about programming. Pupils will get to follow instructions to create moveable machines and tools with LEGO.
- We will also use Scratch to create games
- We will also look at how to be safe online
